AGRA RANKINGS OF THE DECADE

After reintroducing the rankings at the start of last year I had an idea it maybe a worthwhile exercise to have a look at how they would stack up over the last decade applying the same points scale as we have used and developed for sprinters and stayers in 2007.

I have over the last 12 months continually put AGRA's programmer Scott Brown under pressure to improve the information of the originally ranker to included breeding information, up to date stats on a whole range activities to the point were he has rewritten the soft-ware on numerous occasions. We currently use a highly sophisticated program, **Ranker 5.4** using the most up to date computer technology to produce just about what ever I want it too.

However the task of producing the Rankings of the Decade was one that required the input of every group race conducted over the ten year period. Over the last month Scott accomplished this task and produced the statistics and the information contained in this document. On behalf of AGRA I thank him for the large amount of time that was required and like all the other work he does for me it is at no cost to the Association.

This report used the data present on the AGRA website (<http://www.agra.com.au/>) as its historical record. While all efforts have been made to keep the accurate of the data the nature of the rankings means small mistakes can have drastic errors on the overall rankings. That aside they still provide a general guide to the performance of greyhounds in group races.

The Database Contains: 3871 greyhounds, 3871 ranked greyhounds, 929 races, 7108 placings.
194 Group 1 races, 331 Group 2 races, 404 Group 3 races.
719 Sprint races, 210 Distances races.
Total Points handed out for all races: 97301
Total Points handed out for Sprint races: 80496
Total Points handed out for Staying races: 16805
3220 Sprint Dogs, 605 Distance Dogs.

It will come as no surprise that Rapid Journey is the highest ranked greyhound of the decade given his sensational year in 1998. It is also worth noting that the points available have steadily increased over the decade and range in the following order.

2006 – **11190**, 2005 – **10770**, 2004 -**11001**, 2003 – **10900**, 2002 – **8906**, 2001 – **8405**, 2000 – **8405**, 1999 – **6982**, 1998 – **6727**. 1997 – **7852**, 1996 – **6850**.

AGRA GREYHOUND RACING RANKINGS 1996 to 2006

The following table contains the top 100 greyhounds of the decade; it is an impressive top ten. It is also notable that in the case of a number of greyhounds they earnt points over their entire race career that spanned a couple of years or more, in Kantarn Bale's case he came back after a long injury and a stud lay off. It is also pertinent that greyhounds racing in the latter years had the opportunity to race in more group races than a decade ago.

Rk	Greyhound Name	Pts	Rk	Greyhound Name	Pts	Rk	Greyhound Name	Pts

AGRA GREYHOUND RACING RANKINGS 1998

RAPID JOURNEY scoring more points than any dog before or since a massive 495 points which is miles ahead of any other dog at the time in 1998. We thought nothing could possibly get close...until Brett Lee came along. On a side note Rapid Journey managed to get 7.3% of all points handed out for 1998. He would have always been the favourite to take the number one spot for the decade even before the year charts were done.

Also take note of **FAITHFUL HAWK** who is ranked 20th for this year faithfully waiting for his time in the spot light.

Database Contains: 344 greyhounds, 344 ranked greyhounds, 66 races, 520 placings.

9 Group 1 races, 28 Group 2 races, 29 Group 3 races.

52 Sprint races, 14 Distances races.

Total Points handed out for all races: 6727

Total Points handed out for Sprint races: 5732
 Total Points handed out for Staying races: 995
 282 Sprint Dogs, 60 Distance Dogs
