

Litter registration

Registrar

Liz Murray

Happy New Year to all and I hope 2004 is a good year for you.

Just a few reminders to start the year off.

As from 1 July 2003 the fee to name a greyhound was changed, we refund over payments but we will not send out the greyhound's registration certificate if you have short paid the fee.

Queensland whelped greyhounds registered in the name of the breeder the fee is \$25 Interstate whelped greyhounds and Queensland greyhounds registered by nonbreeders the fee is \$37.

If you are breeding please remember you must DNA test your bitch before she is served.

Studmasters advise the Authority within 14 days of the service but we will not send out a whelping notice if the bitch has not been DNA tested.

Breeders must lodge their whelping notice with the Authority within 14 days of whelping, but you must also return the whelp notice if the bitch did not whelp or all pups are deceased as indicated on the whelping notice.

Litter registrations must be lodged with the Authority within three months from

the whelp date with the fee of \$43.

Please make sure all forms are completed and with a black pen before you lodge your paper work with us, saves us all from unnecessary delays.

Don't forget to advise us if you have changed your address or phone number. If you have changed address then you will need to have your greyhound's registration certificates altered.

We alter them and put them back in the post the day we receive them so there would be no delay this end.
